

SoftWave®

Tissue Regeneration Technologies
www.softwavetr.com - (888) 862-6162

Low intensity shockwave therapy for female sexual dysfunction.

Softwave® Therapy initiates a biologic healing response that includes the release of growth factors, anti-inflammatory agents, and improved blood supply and is being utilized for the investigational treatment of the following:

- PGAD (Persistent Genital Arousal Disorder)
- Lumbosacral Radiculopathy
- Chronic Pelvic Pain Syndrome
- Vestibulodynia
- Vulvodynia
